

**LANDMARK IS WRECKED** — Workmen were busy this morning at the horse trough which has stood for 30 years at the corner of South Boulevard and East Morehead Street, trying to repair the damage done when the trough was struck by a car early this morning. The watering trough is one of Charlotte's most well-known landmarks. (News Staff Photo.)

**THE STAFF**  
ANSWER: The horse trough was damaged by a car which struck it early this morning. The damage was done to the trough's rim and the water pipe. The trough is one of Charlotte's most well-known landmarks. It is being repaired by workmen this morning.

**THE QUESTIONS:**  
What's your favorite topic of conversation when you're being "interrogated" by a reporter?

**The Answers:**  
I'd like to see the horse trough restored to its original condition. It's a shame that it was damaged in the first place. I hope the workmen can get it fixed up quickly. It's a real shame that a car could do that to such a landmark.

**A. B. Hayes, 408 E. Washington Avenue**  
I've been thinking about the horse trough a lot lately. It's such a part of our city's history. I hope it can be saved. It's a real shame that it was damaged. I hope the workmen can get it fixed up quickly. It's a real shame that a car could do that to such a landmark.
